Dealmakers Flagship Luncheon at The Dorchester 17th October 2007

The dealmakers are holding their flagship luncheon at The Dorchester, Park Lane, London, W1K 1QA on 17th October 2007. The luncheon provides an excellent networking opportunity starting at 12 noon with pre lunch drinks.

This year's guest speaker is Nicola Horlick who began her career at Mercury Asset Management, following a year's graduate trainee program at SG Warburg. After eight years she moved to Morgan Grenfell Asset Management as a Director of the UK pension fund business, and was made Managing Director in 1992. Over the following four years, funds under management quadrupled. She co-founded SG Asset Management in 1997 and was Chief Executive of SGAM Holdings Ltd, and a senior UK equity fund manager until 2003. In 2005 Nicola Horlick founded Bramdean Asset Management.

Nicola's speech will be the centre piece of what I believe will be a most memorable day.

Looking forward to introducing you to Nicola Horlick.
