Indemnity Specialists*

## **PRESS RELEASE**

9<sup>th</sup> March 2010

### **PYV launches new specialist Investment Fund Division**

PYV Limited, the Lloyd's and specialist Professional Indemnity Insurance broker, has today announced the formation of a dedicated Investment Fund division. The new business unit, which will offer a comprehensive range of bespoke insurance products and services for traditional and alternative funds, will be led by Adam Golder, Executive Director at PYV Limited.

The division provides an extensive portfolio of products designed to meet the specific risk management demands of the fund market. This includes: Professional Indemnity Insurance; Directors' & Officers' Liability Insurance; Employment Practices Liability Insurance and an Office Combined Package. In addition, the division offers a range of services, including a complete insurance policy review to help establish the extent of coverage and identify possible areas of improvement; and has its own claims management service.

PYV has direct access to all Lloyd's and company insurers involved in Professional Indemnity Insurance.

Commenting on the launch of the new unit, Adam Golder said: "In the current period of financial uncertainty and ever-increasing regulatory demands, effective risk management is clearly a top priority for every professional fund manager. Investors have also become increasingly selective when reviewing the fund market, and managers are now fully aware of the competitive edge which a comprehensive risk management portfolio provides, both from a financial and reputational perspective."

Farah Zuhdi, Business Manager for the Investment Fund division, added: "PYV's Investment Fund team aims to play an integral part in the operational risk strategies of our fund management clients. By offering such an extensive range of products and services, we can ensure that every risk solution we provide is tailored to the specific demands faced by each individual fund manager in what is an extremely challenging and volatile investment market."
